SAMVIK POWER

SOLAR EPC — IPP — INDIA

THINK SOLAR.
THINK SAMVIK.

Powering businesses with smarter solar solutions.

Samvik Power Private Limited is an integrated solar EPC provider and Independent Power Producer (IPP), delivering end-to-end solar solutions across India. From rooftop installations to utility-scale projects, we combine engineering, execution and long-term support to help businesses transition to solar energy.

OUR CAPABILITIES

- Rooftop Solar EPC
- Utility-Scale Solar
- Solar Development & IPP
- Battery Energy Storage Systems
- In-house Solar Structure Manufacturing
- Operations & Maintenance

ENGINEERING EXPERTISE. RELIABLE EXECUTION. LONG-TERM VALUE.

@samvikpower samvikpower

SCAN ME

PROJECT CAPABILITIES

SOLAR SOLUTIONS. BUILT TO SCALE.

From industrial rooftops to large-scale solar developments, our capabilities span diverse project sizes and applications.

PROJECT CAPACITY AT A GLANCE

5–50 kW	Smaller-scale solar installations	
100–500 kW	Industrial rooftop projects	
1–8 MW+	Ground-mounted and commercial-scale projects	
100 MW	Utility-scale project with 25 MWh BESS	UTILITY SCALE
103 MW	Power purchase agreement milestone under PM-KUSUM	MILESTONE

END-TO-END SOLAR EPC Designed around site requirements, project specifications and long-term performance.

Engineering — Procurement — Construction — Commissioning — Operations & Maintenance

WHY SAMVIK POWER?

ENGINEERED FOR PERFORMANCE. BUILT ON TRUST.

WHAT SETS US APART

END-TO-END EXPERTISE

Integrated capabilities across the solar project lifecycle.

MULTI-SCALE EXECUTION

Experience spanning kilowatt-scale installations to large solar projects.

SITE-SPECIFIC SOLUTIONS

Rooftop and ground-mounted systems designed for different site conditions.

QUALITY-LED APPROACH

A focus on engineering, components and execution standards.

LONG-TERM SUPPORT

Operations and maintenance to support ongoing asset performance.

PARTNER WITH SAMVIK POWER

for your next solar project.

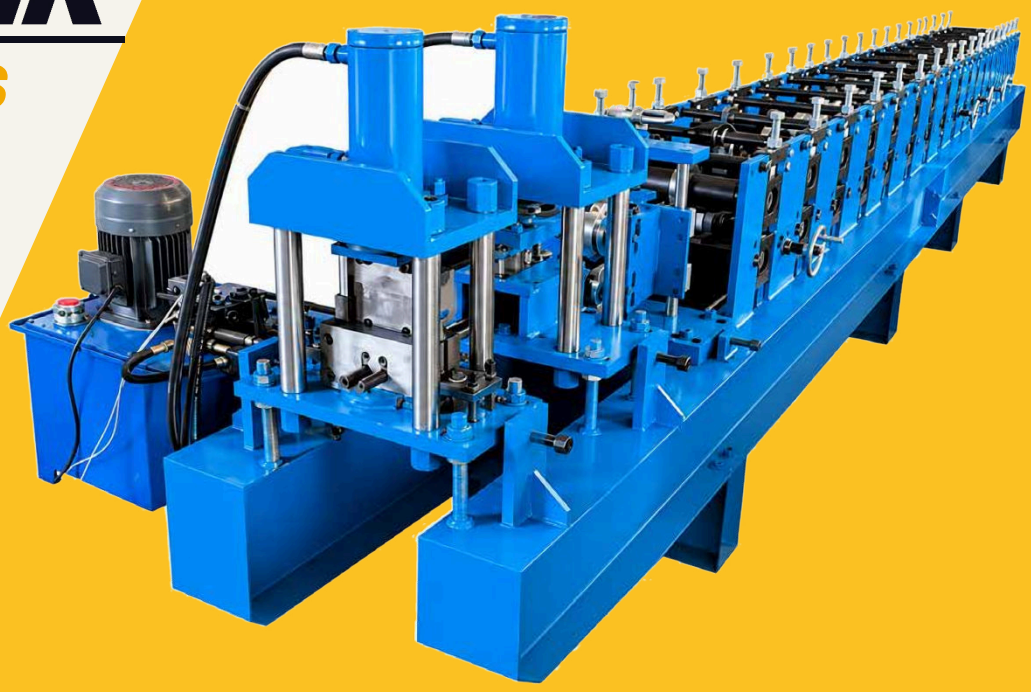

OUR GROWTH JOURNEY

BUILDING A MORE INTEGRATED SOLAR ECOSYSTEM.

SAMVIK

STRUCTURES

ENGINEERED STRENGTH. BUILT FOR SOLAR.

ANNUAL MANUFACTURING CAPACITY

1,00,000

TONNES

Maharashtra	30,000 t
Gujarat	30,000 t
Telangana	40,000 t

OUR PRODUCT RANGE

- Hat Sections / Purlins
- Column Sections
- Column Extensions
- Rafters
- Side Bracing
- Connection Channels

WHY SAMVIK STRUCTURES?

- Quality Raw Materials
- Advanced Manufacturing
- Corrosion Resistance
- Reliable Supply
- Competitive Value

SUPPORTING SOLAR AT SCALE.

Manufacturing solutions for EPC companies, solar developers and installers.
