ENGINEERING STRENGTH · DELIVERING EXCELLENCE · BUILDING THE FUTURE

SAMVIK STRUCTURES

Engineered **strength.**

COMPANY PROFILE

Built for a sustainable future.

SOLAR MODULE MOUNTING STRUCTURES

ABOUT US

STRENGTH
YOU CAN BUILD ON

Samvik Structures is a leading manufacturer of high-quality **solar module mounting structures**, committed to providing durable, precise and reliable solutions for solar installations.

With advanced manufacturing facilities in India, we serve **EPC companies, installers and developers** across the country with products that ensure strength, corrosion resistance and long-term performance.

We are part of the **Samvik group**, whose solar EPC and power-producing company, Samvik Power Pvt. Ltd., has 118+ MW of projects completed and ongoing across India.

Premium quality
Top-grade raw materials for superior performance.

Advanced manufacturing
State-of-the-art facilities and the latest technology.

Durable & corrosion resistant
Built to withstand harsh environments and last long.

Customer focused
Tailored solutions with dedicated support.

SOLAR MODULE MOUNTING STRUCTURES – MANUFACTURING & QUALITY

MANUFACTURING & QUALITY

Our facility is fully equipped with modern machines and equipment, capable of delivering precision-engineered mounting structures at scale.

Cold roll-forming lines producing purlins, rafters, columns and connection channels

Profiles punched to project drawings for fast, bolted site assembly

Overhead crane handling across a large, covered shop floor

Dedicated electrical distribution for uninterrupted production

Multi-level quality checks at every stage, from raw material to dispatch

Three manufacturing units with a combined capacity of up to 1,00,000 tonnes a year

OUR PRODUCTS

MMS PROFILES & COMPONENTS

Solar Module Mounting Structure (MMS) members manufactured to suit each project's layout and load requirements.

01 · Hat section / purlin
Galvalume

02 · Column section
Hot-dipped GI / POSMAC

03 · Column extension
Mild steel (MS)

04 · Rafter
Galvalume

05 · Side bracing
Galvalume

06 · Connection channel
Hot-dipped GI / POSMAC

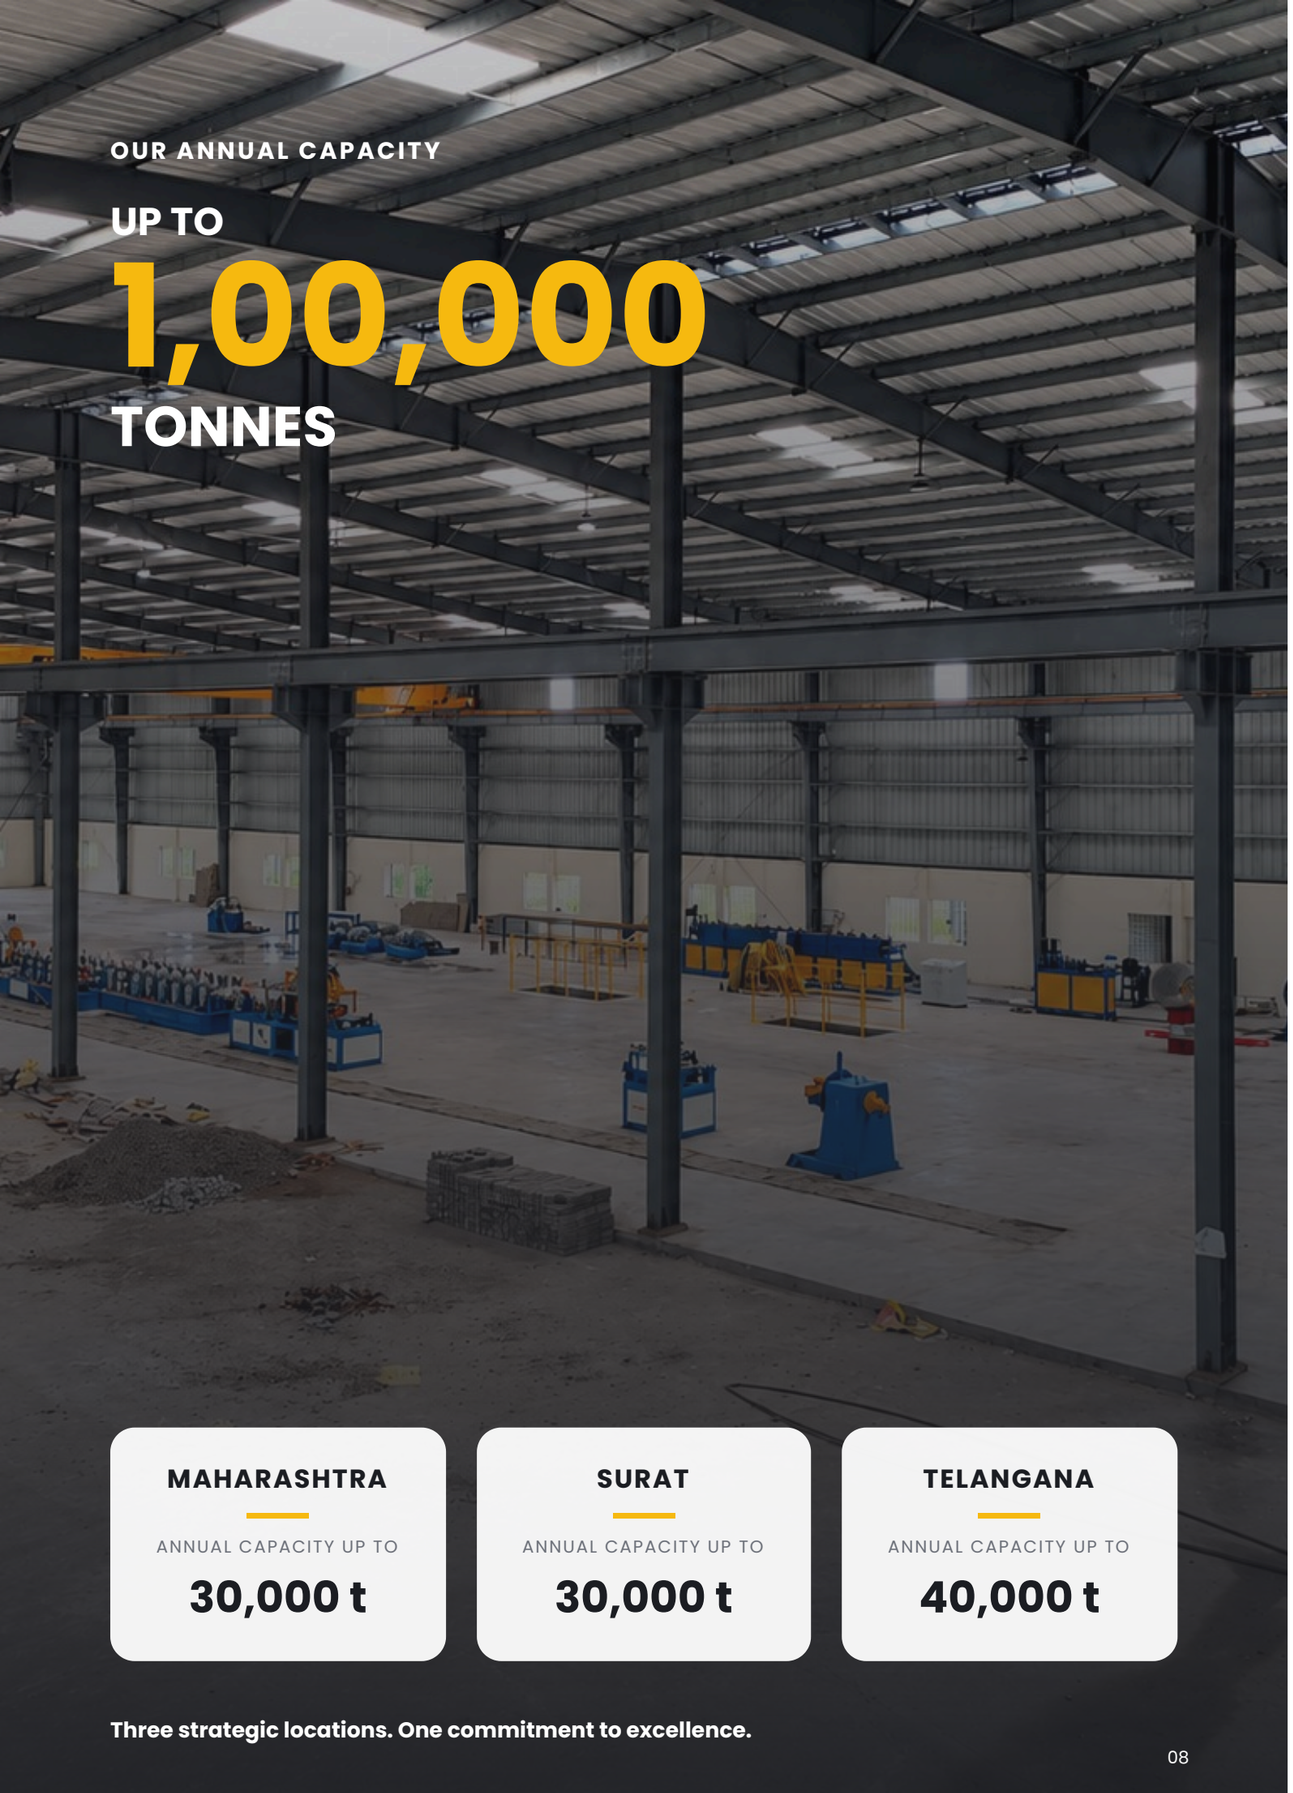

ROLE OF EACH MEMBER

MEMBER	FUNCTION IN THE STRUCTURE
Hat section / purlin	Primary module support; also used as hat sections
Column section	Main vertical member supporting the structure
Column extension	Extends column height with a bolted connection
Rafter	Primary sloping member supporting the purlins
Side bracing	Diagonal member providing lateral stability
Connection channel	Connects members and provides rigidity

MATERIAL GUIDE

MATERIAL	USED FOR
Galvalume coils (550 MPa)	Hat sections / purlins, rafters, side bracings
Hot-dipped GI / POSMAC	Columns, connection channels
Mild steel (MS)	Column extensions

All members are produced in-house and quality-checked at every stage before dispatch.

OUR ANNUAL CAPACITY

UP TO

1,00,000

TONNES

MAHARASHTRA	SURAT	TELANGANA
ANNUAL CAPACITY UP TO	ANNUAL CAPACITY UP TO	ANNUAL CAPACITY UP TO
30,000 t	30,000 t	40,000 t

Three strategic locations. One commitment to excellence.

PART OF THE SAMVIK GROUP

FROM SOLAR DEVELOPER TO MANUFACTURER

Building our own structures was the natural next step for the Samvik group, giving our projects and customers better control over quality, cost and lead time.

May 2022	Samvik Power incorporated; EPC work begins at 5–50 kW
Mar 2023	Medium-scale industrial rooftops of 100–500 kW
Oct 2023	First ground-mount project; expansion to other states
Jan 2024	Became a developer with the first 1.8 MW OPEX PPA
Feb 2025	103 MW PPA in Maharashtra under PM-KUSUM
Dec 2025	**Solar structure manufacturing set up**
Jun 2026	Maxim Industries Pvt. Ltd. formed for solar cell manufacturing

WHY
SAMVIK STRUCTURES

High-quality raw material
Premium-quality steel for superior strength and durability.

Timely delivery & consistent supply
Efficient planning and a strong logistics network.

State-of-the-art manufacturing
Modern machinery and a skilled team.

Competitive pricing
Optimised processes and bulk manufacturing for the best value.

Strict quality control
Multi-level checks at every stage of production.

Customer-focused approach
Tailored solutions and excellent support.

OUR VALUED CLIENTS

Proud to partner with leading businesses who trust us for our commitment, consistency and performance.

RDB Group	**Stargen Power Pvt. Ltd.**	**MEC Power Solar**
Samvik Power Pvt. Ltd.	**NRG Renewable Resources**	**and growing**

Let's build the future together.
